Subject Index to Volume 15

ABDOMINAL AREA

Mathematical modeling of fetal growth. IV. Evaluation of trunk growth using the abdominal profile area. Rossavik et al. 31.

ABDOMINAL CIRCUMFERENCE

Influence of fetal growth patterns on sonographic estimation of fetal weight. Simon et al. 376.

ABDOMINAL CYSTIC TUMORS

Cystic lymphangioma of the jejunal mesentery in an adult. Sadola. 542.

ABDOMINAL ULTRASOUND

Evaluation of the usefulness of dimethicone and/or senna extract in improving the visualization of abdominal organs. Heldwein et al. 455.

ABDOMINAL WALL DEFECTS

Prenatal rupture of omphalocele. Hansen et al. 191.

ABSCESS

Ultrasound findings in crohn's disease and ulcerative colitis: A prospective study. Worlicek et al. 153.

ACCUMULATION OF GLUCOCEREBROSIDES IN THE RETICULOENDOTHELIAL CELLS

Splenic involvement in Gaucher's Disease: Sonographic findings. Stevens et al. 397.

ACUTE HEPATITIS

Differentiation of mononucleosis from hepatitis by sonographic measurement of spleen size. Ishibashi et al. 313.

ACUTE OBSTRUCTIVE SUPPURATIVE CHOLANGITIS (AOSC)

Ultrasonography of acute obstructive suppurative cholangitis: Serial observation by ultrasound. Ishida et al. 51.

ACUTE SCROTUM, ULTRASOUND

Ultrasonography of the acute scrotum. Martin and Conte. 37.

ACUTE VIRAL HEPATITIS

Gallbladder wall thickening in an elderly woman with infectious mononucleosis. Hammond and MacLean. 558.

ADENOMYOMATOSIS

Adenomyomatosis of the gallbladder. Costa-Greco. 198.

ADRENAL CYSTS

Sonographic diagnosis of a large hemorrhagic adrenal cyst in an adult. Barki et al. 194.

ADRENAL HEMORRHAGE

Sonographic diagnosis of a large hemorrhagic adrenal cyst in an adult. Barki et al. 194.

AGENESIS OF THE CORPUS CALLOSUM

Prenatal sonographic diagnosis of agenesis of corpus callosum. Meizner et al. 262.

ALLANTOIC CYST

Ultrasonographic diagnosis of ectasia of the umbilical vein. Vesce et al. 346.

AMEBIC SPLENIC ABSCESS

Ultrasound demonstration of amebic splenic abscess. Gupta et al. 555.

AMNIOTIC FLUID VOLUME

First-trimester diagnosis of low obstructive uropathy: An indicator of initial renal function in the fetus. Bulić et al. 537.

ANECHOIC IMAGE

Ectopic gallbladder: Sonographic and scintigraphic diagnosis. McLoughlin et al. 258.

ANGIODYSPLASIAS

Osler's disease diagnosed by ultrasound. Goes et al. 129.

ANGIOGRAPHY

Comparison of angiography and ultrasound in the evaluation of the portal venous system in pancreatic carcinoma. Garra et al. 83.

Peripheral arterial duplex scanning. Moneta and Strandness. 645.

ANGIOMYXOMA

Ultrasonographic diagnosis of ectasia of the umbilical vein. Vesce et al. 346.

ANNOTATION

A new ultrasound annotation and report card system. Gibson and Hicks. 71.

ANOMALIES OF THE UMBILICAL CORD

Ultrasonographic diagnosis of ectasia of the umbilical vein. Vesce et al. 346.

ANOMALOUS LEFT BRACHIOCEPHALIC VEIN

Anomalous course of the brachiocephalic vein diagnosed by two-dimensional echocardiography in a child with left atrial isomerism and right aortic arch. Towbin et al. 544.

ANOMALOUS LOCATION OF THE GALLBLADDER

Ectopic gallbladder: Sonographic and scintigraphic diagnosis. McLoughlin et al. 258.

ANTENATAL DIAGNOSIS

Fetal head shape in spina bifida in the second trimester. Furness et al. 451.

ANTERIOR HORNS OF THE LATERAL VENTRICLES

The diagnosis of fetal hydrocephalus prior to 22 weeks. Benacerraf and Birnholz. 531.

ARTERIAL SURGERY

Peripheral arterial duplex scanning. Moneta and Strandness. 645.

ARTIFICIAL UTERINE CAVITY DISTENTION

Sonographic investigation of the uterus during artificial uterine cavity distention. van Roessel et al. 439.

ASCITES

Prenatal diagnosis of bilateral cystic adenomatoid malformation of the lung. Rempen et al. 3.

ASYMMETRICAL APPEARANCE OF THE CHOROID PLEXUS

The diagnosis of fetal hydrocephalus prior to 22 weeks. Benacerraf and Birnholz. 531.

ATHEROSCLEROSIS

Peripheral arterial duplex scanning. Moneta and Strandness. 645.

ATRIAL SEPTAL DEFECT

Combined contrast echocardiographic and hemodynamic evaluation of atrial septal defect associated with persistent left superior vena cava and partial anomalous pulmonary venous connection. Ferrara et al. 64.

AUTOPSY

Sonographic diagnosis of a large hemorrhagic adrenal cyst in an adult. Barki et al. 194.

BACKSCATTER

In vivo radiofrequency ultrasound analysis of normal human heart structures. Lattanzi et al. 371.

BENIGN FOCAL LESION

Hepatic scar along a transhepatic biliary drainage tract simulating metastatic disease. Bret et al. 56.

BENIGN STENOSIS

Ultrasonography of acute obstructive suppurative cholangitis: Serial observation by ultrasound. Ishida et al. 51.

BICIRCUMFERENCE

Longitudinal studies of thigh circumference growth in normal fetuses. Deter et al. 388.

BILATERAL CYSTIC ADENOMATOID MALFORMATION OF THE LUNG (CAML)

Prenatal diagnosis of bilateral cystic adenomatoid malformation of the lung. Rempen et al. 3.

BILE DUCT STONES

Improved sonographic visualization of choledocholithiasis. Dong and Chen. 185.

BILE STASIS

Ultrasonography of acute obstructive suppurative cholangitis: Serial observation by ultrasound. Ishida et al. 51.

BILIARY DRAINAGE

Ultrasonography of acute obstructive suppurative cholangitis: Serial observation by ultrasound. Ishida et al. 51.

BILIARY SYSTEM

Ultrasonography of acute obstructive suppurative cholangitis: Serial observation by ultrasound. Ishida et al. 51.

BLADDER CARCINOMA

Detection of active bleeding from a transitional cell carcinoma of the bladder by ultrasonography. Bisset and Khan. 269.

BOLUS OF FLUID

Simulation of the normal esophagus by a parathyroid adenoma. Ngo and Sarti. 421.

BOWEL LESIONS

Ultrasonic demonstration of a pedunculated colonic polyp. Skaane. 204.

BREAST SURGERY

Sonographic diagnosis of a retained surgical sponge in the breast. Fornage. 285.

"BULL'S-EYE" OR "TARGET" PATTERN

Ultrasonic demonstration of a pedunculated colonic polyp. Skaane. 204.

CARDIAC IMAGING

Clinical utililty of Doppler ultrasound in cardiac diseaes. Nouri and Labovitz. 599.

CARDIAC OR AORTIC SURGERY

Noninvasive diagnosis of pseudoaneurysm of the ascending aorta. Hoadley and Hartshorne. 325.

CARDIAC STRUCTURES IN THE FETUS

Hypoplastic left heart with absence of the aortic valve: Prenatal diagnosis using two-dimensional and pulsed doppler echocardiography. Cartier et al. 463.

CAROTID ARTERY

Carotid artery duplex scanning. Taylor and Strandness. 635.

CAROTID ARTERIES

Doppler color flow imaging. Merritt. 591.

CAROTID STENOSIS

Carotid artery duplex scanning. Taylor and Strandness. 635.

CAUDAL REGRESSION SYNDROME (CRS)

In-utero diagnosis of the caudal regression syndrome: Report of three cases. Loewy et al. 469.

CEPHALIC/ABDOMINAL INDEX

Fetal head and abdominal circumferences: Effect of profile shape on the accuracy of ellipse equations. Shields et al. 241.

CHARACTERIZATION

In vivo radiofrequency ultrasound analysis of normal human heart structures. Lattanzi et al. 371.

CHOLANGITIS

Ultrasonography of acute obstructive suppurative cholangitis: Serial observation by ultrasound. Ishida et al. 51.

CHOLEDOCHOLITHIASIS

Improved sonographic visualization of choledocholithiasis. Dong and Chen. 185.

CHORIOANGIOMA

Pitfall to avoid: Chorioangioma of the placenta simulating fetal tumor. Wolfe and Wallace. 405.

CIRRHOSIS

Osler's disease diagnosed by ultrasound. Goes et al. 129.

COMBINED USE OF ECHO AND DOPPLER TECHNIQUES

Hypoplastic left heart with absence of the aortic valve: Prenatal diagnosis using two-dimensional and pulsed doppler echocardiography. Cartier et al. 463.

CONGENITAL INTRACRANIAL AND SPINAL ABNORMALITIES

Antenatal ultrasound diagnosis of iniencephaly. Foderaro et al. 550.

CONJOINED TWINS

Prenatal ultrasound diagnosis of thoracopagus conjoined twins. Kalchbrenner et al. 59.

CONTRACEPTION

Ultrasonically controlled retrieval of an intrauterine contraceptive device (IUCD) in early pregnancy. Shalev et al. 525.

CONTRAST ECHOCARDIOGRAPHY

Combined contrast echocardiographic and hemodynamic evaluation of atrial septal defect associated with persistent left superior vena cava and partial anomalous pulmonary venous connection. Ferrara et al. 64.

CORPUS CALLOSUM AGENESIS

Prenatal sonographic diagnosis of agenesis of corpus callosum. Meizner et al. 262.

CROHN'S DISEASE

Ultrasound findings in Crohn's disease and ulcerative colitis: A prospective study. Worlicek et al. 153.

CW DOPPLER

Is it possible to recognize portal hypertension with continuous-wave Doppler ultrasonography? Lombardi et al. 121.

CYANOTIC CONGENITAL CARDIAC DISEASE

Anomalous course of the brachiocephalic vein diagnosed by two-dimensional echocardiography in a child with left atrial isomerism and right aortic arch. Towbin et al. 544.

CYSTIC ACCUMULATION OF FLUID

First-trimester diagnosis of low obstructive uropathy: An indicator of initial renal function in the fetus. Bulić et al. 537.

CYSTIC MASS

Ultrasound presentation of primary carcinoma of the fallopian tube. Meyer et al. 132.

DENSITOMETER

Fetal lung to liver reflectivity ratio and lung maturity. Feingold et al. 384.

DIFFERENTIAL DIAGNOSIS

Ultrasonographic differentiation of hepatocellular carcinoma from metastatic liver cancer. Yoshida et al. 431.

DILATED LEFT VENTRICLE

Diastolic flow characteristics of severely impaired left ventricles: A pulsed Doppler ultrasound study. Delemarre et al. 115.

DIMETHICONE

Evaluation of the usefulness of dimethicone and/or senna extract in improving the visualization of abdominal organs. Heldwein et al. 455.

DISEASES OF THE GALLBLADDER

Adenomyomatosis of the gallbladder. Costa-Greco. 198.

DOPPLER

Clinical utility of Doppler ultrasound in cardiac diseases. Nouri and Labovitz. 599.

Doppler ultrasound in the fetus: A review of current applications. De Vore et al. 687.

Noninvasive Doppler assessment of renal artery stenosis and hemodynamics. Greene et al. 653.

DOPPLER COLOR FLOW IMAGING

Doppler color flow imaging. Merritt. 591.

DOPPLER ECHOCARDIOGRAPHY

Diastolic flow characteristics of severely impaired left ventricles: A pulsed Doppler ultrasound study. Delemarre et al. 115.

DOPPLER EFFECT

The physical principles of Doppler and spectral analysis. Burns. 567.

DOPPLER FLOW IMAGING

The physical principles of Doppler and spectral analysis. Burns. 567.

DOPPLER ULTRASONOGRAPHY

Clinical experience with intraoperative Doppler color flow imaging in hepatectomy. Sukigara et al. 9.

DOPPLER ULTRASOUND

Doppler evaluation of the renal transplant. Needleman and Kurtz. 661.

DOUBLE CYSTIC MASSES

Simulation of a hydronephrotic pelvic kidney by an unusual pelvic mass. Ngo et al. 126.

DOUBLE TARGET PATTERN

Sonographic double target in a case of type Ia cecal duplication cyst. Gupta et al. 273.

DUPLEX DOPPLER

Duplex Doppler examination of the liver and portal venous system. Koslin and Berland. 675.

DUPLEX SCANNING

Carotid artery duplex scanning. Taylor and Strandness. 635.

DUPLEX ULTRASOUND

Peripheral arterial duplex scanning. Moneta and Strandness. 645.

DUPLICATION CYST OF THE GASTROINTESTINAL TRACT

Sonographic double target in a case of type Ia cecal duplication cyst. Gupta et al. 273.

DYNAMIC IMAGING

Simulation of the normal esophagus by a parathyroid adenoma. Ngo and Sarti. 421.

ECHOCARDIOGRAPHY

Clinical utility of Doppler ultrasound in cardiac diseases. Nouri and Labovitz. 599.

ECHOGENIC MASS

Prenatal diagnosis of bilateral cystic adenomatoid malformation of the lung. Rempen et al. 3.

ECTASIA OF THE UMBILICAL VEIN WITH FETAL DISTRESS

Ultrasonographic diagnosis of ectasia of the umbilical vein. Vesce et al. 346.

ECTOPIC SPLEEN

Omphalocele and ectopic spleen. Williams et al. 409.

ECTOPIC SPLEEN CONTAINING MULTIPLE CYSTS

A multicystic wandering spleen. Siniluoto et al. 475.

ELLIPSE CALCULATIONS

Fetal head and abdominal circumferences: Ellipse calculations versus planimetry. Shields et al. 237.

ENDOSCOPIC ULTRASONOGRAPHY

Use of transrectal radial scan ultrasonography in evaluating the extent of uterine cervical cancer. Yuhara et al. 507.

ENDOTRACHEAL TUBE

Ultrasound confirmation of endotracheal tube placement. Raphael and Conard. 459.

ENLARGED CORONARY SINUS

Combined contrast echocardiographic and hemodynamic evaluation of atrial septal defect associated with persistent left superior vena cava and partial anomalous pulmonary venous connection. Ferrara et al. 64.

EPIDIDYMITIS

Ultrasonography of the acute scrotum. Martin and Conte. 37.

ESOPHAGUS

Simulation of the normal esophagus by a parathyroid adenoma. Ngo and Sarti. 421.

EXTRAMEDULLARY PLASMACYTOMA IN THE TESTICLE

Sonographic detection of testicular plasmacytoma. Benson et al. 490.

FEMUR DIAPHYSIS LENGTH

Longitudinal studies of femur growth in normal fetuses. Deter et al. 299.

FEMUR LENGTH

Influence of fetal growth patterns on sonographic estimation of fetal weight. Simon et al. 376.

FETAL ARRHYTHMIA

Intracardiac tumor (rhabdomyoma) diagnosed by in utero ultrasound: A case report. Stanford et al. 337.

FETAL ECHOCARDIOGRAPHY

Fetal echocardiography: The prenatal diagnosis of tricuspid atresia (Type Ic) during the second trimester of pregnancy. De Vore et al. 317.

FETAL GROWTH

Fitting growth curves to head and abdomen measurements of the fetus: A multicentric study. Todros et al. 95.

Mathematical modeling of fetal growth. III. Evaluation of head growth using the head profile area. Rossavik et al. 23.

Mathematical modeling of fetal growth. IV. Evaluation of trunk growth using the abdominal profile area. Rossavik et al. 31.

FETAL HEAD/ABDOMINAL CIRCUMFERENCES

Fetal head and abdominal circumferences: Effect of profile shape on the accuracy of ellipse equations. Shields et al. 241.

Fetal head and abdominal circumferences: Ellipse calculations versus planimetry. Shields et al. 237.

FETAL HYDROCEPHALUS

The diagnosis of fetal hydrocephalus prior to 22 weeks. Benacerraf and Birnholz. 531.

FETAL HYPOXIA DURING PREGNANCY

Ultrasonographic diagnosis of ectasia of the umbilical vein. Vesce et al. 346.

FETAL URINARY TRACT

First-trimester diagnosis of low obstructive uropathy: An indicator of initial renal function in the fetus. Bulić et al. 537.

FETAL WEIGHT

Influence of fetal growth patterns on sonographic estimation of fetal weight. Simon et al. 376.

FETUS

Doppler ultrasound in the fetus: A review of current applications. De Vore et al. 687.

Ultrasonic mensuration of fetal limb bones in the second and third trimesters. Merz et al. 175.

FIBROSIS

Osler's disease diagnosed by ultrasound. Goes et al. 129.

FLOW PATTERN

Diastolic flow characteristics of severely impaired left ventricles: A pulsed Doppler ultrasound study. Delemarre et al. 115.

GALLBLADDER VOLUME

Gallbladder wall thickening: A frequent finding in various nonbiliary disorders—A prospective ultrasonographic study. Wegener et al. 307.

GALLBLADDER WALL THICKENING

Gallbladder wall thickening: A frequent finding in various nonbiliary disorders—A prospective ultrasonographic study. Wegener et al. 307.

Gallbladder wall thickening in an elderly woman with infectious mononucleosis. Hammond and MacLean. 558.

GALLSTONES

Improved sonographic visualization of choledocholithiasis. Dong and Chen. 185.

GANGLIA

High-resolution ultrasonography of wrist ganglia. De Flaviis et al. 17.

GASTROSCHISIS

Prenatal rupture of omphalocele. Hansen et al. 191.

GAUCHER'S DISEASE

Splenic involvement in Gaucher's Disease: Sonographic findings. Stevens et al. 397.

GIANT HYDROSALPINX

Ultrasonic presentation of giant hydrosalpinges in asymptomatic patients. Reuter et al. 45.

GLUCOSYLCERAMIDE

Ultrasonographic aspects of Gaucher's disease: Report of a patient during three pregnancies. Schoenfeld et al. 207.

HEAD CIRCUMFERENCE

Influence of fetal growth patterns on sonographic estimation of fetal weight. Simon et al. 376.

HEAD SIZE

Mathematical modeling of fetal growth. III. Evaluation of head growth using the head profile area. Rossavik et al. 23.

HEART AND RENAL FAILURE

Gallbladder wall thickening: A frequent finding in various nonbiliary disorders—A prospective ultrasonographic study. Wegener et al. 307.

HEMATOMA

Ultrasonographic diagnosis of ectasia of the umbilical vein. Vesce et al. 346.

HEMATOMETROCOLPOS

Simulation of a hydronephrotic pelvic kidney by an unusual pelvic mass. Ngo et al. 126.

HEMATOSALPINX

Simulation of a hydronephrotic pelvic kidney by an unusual pelvic mass. Ngo et al. 126.

HEMODYNAMIC EVALUATION

Combined contrast echocardiographic and hemodynamic evaluation of atrial septal defect associated with persistent left superior vena cava and partial anomalous pulmonary venous connection. Ferrara et al. 64.

HEMODYNAMIC PHENOMENA

The physical principles of Doppler and spectral analysis. Burns. 567.

HEPATIC ABSCESSES

Ultrasound demonstration of amebic splenic abscess. Gupta et al. 555.

HEPATIC VEINS

Ultrasonic anatomy of hepatic veins. Cosgrove et al. 231.

HEPATOBILIARY DISORDERS

Ultrasonography of acute obstructive suppurative cholangitis: Serial observation by ultrasound. Ishida et al. 51.

HEPATOCELLULAR CARCINOMA

Osler's disease diagnosed by ultrasound. Goes et al. 129.

Ultrasonographic differentiation of hepatocellular carcinoma from metastatic liver cancer. Yoshida et al. 431.

HEPATOSPLENOMEGALY

Splenic involvement in Gaucher's Disease: Sonographic findings. Stevens et al. 397.

HEREDITARY HEMORRHAGIC TELANGIECTASIA

Osler's disease diagnosed by ultrasound. Goes et al. 129.

HIGH-RESOLUTION SONOGRAPHY

Simulation of the normal esophagus by a parathyroid adenoma. Ngo and Sarti. 421.

HYDROCEPHALUS

The diagnosis of fetal hydrocephalus prior to 22 weeks. Benacerraf and Birnholz. 531.

HYPEREXTENSION AND INTERNAL ROTATION

The hyperextended internal rotation view in rotator cuff ultrasonography. Crass et al. 416.

HYPOALBUMINEMIA

Gallbladder wall thickening: A frequent finding in various nonbiliary disorders—A prospective ultrasonographic study. Wegener et al. 307.

INDIA

Ultrasound in India. Joshi. 561.

INDIVIDUAL GROWTH CURVE STANDARDS

Longitudinal studies of femur growth in normal fetuses. Deter et al. 299.

Longitudinal studies of thigh circumference growth in normal fetuses. Deter et al. 388.

INFECTIOUS MONONUCLEOSIS (IM)

Gallbladder wall thickening in an elderly woman with infectious mononucleosis. Hammond and MacLean. 558.

INFECTIOUS MONONUCLEOSIS

Differentiation of mononucleosis from hepatitis by sonographic measurement of spleen size. Ishibashi et al. 313.

INIENCEPHALY

Antenatal ultrasound diagnosis of iniencephaly. Foderaro et al. 550.

Prenatal ultrasonic diagnosis of a rare case of iniencephaly apertus. Meizner and Bar-Ziv. 200.

INTERSTITIAL PREGNANCY

Sonographic detection of interstitial pregnancy. Jafri et al. 253.

INTRAABDOMINAL TUBERCULOSIS

Ultrasonic appearance of tuberculous peritonitis. Özkan et al. 350.

INTRACARDIAC NEOPLASM OF THE NEONATE

Intracardiac tumor (rhabdomyoma) diagnosed by in utero ultrasound: A case report. Stanford et al. 337.

INTRALUMINAL LESIONS

Ultrasonic demonstration of a pedunculated colonic polyp. Skaane. 204.

INTRALUMINAL SCAN

Use of transrectal radial scan ultrasonography in evaluating the extent of uterine cervical cancer. Yuhara et al. 507.

INTRATESTICULAR ABNORMALITY

Myeloma of the testicle: Sonographic appearance. Gale et al. 280.

INTRATHORACIC ABNORMALITIES

Metastases to the pleura: Sonographic detection. Steinberg and Erwin. 276.

INTRAUTERINE GROWTH RETARDATION

Influence of fetal growth patterns on sonographic estimation of fetal weight. Simon et al. 376.

IPSILATERAL RENAL AGENESIS

Simulation of a hydronephrotic pelvic kidney by an unusual pelvic mass. Ngo et al. 126.

ISCHEMIC HEART DISEASE

Diastolic flow characteristics of severely impaired left ventricles: A pulsed Doppler ultrasound study. Delemarre et al. 115.

IUCD

Ultrasonically controlled retrieval of an intrauterine contraceptive device (IUCD) in early pregnancy. Shalev et al. 525.

IVF/ET

Use of a vaginal transducer for oocyte retrieval in an IVF/ET program. Wikland et al. 245.

KAWASAKI SYNDROME (KS)

Kawasaki syndrome: Cerebral and cardiovascular complications. Templeton and Dunne. 483.

KIDNEY, ULTRASOUND STUDIES

Doppler evaluation of the renal transplant. Needleman and Kurtz. 661.

KITECKO ULTRASOUND STANDOFF PADS

A device to aid in ultrasound imaging. Crass et al. 211.

LABELING

A new ultrasound annotation and report card system. Gibson and Hicks. 71.

LEFT ATRIAL ISOMERISM

Anomalous course of the brachiocephalic vein diagnosed by two-dimensional echocardiography in a child with left atrial isomerism and right aortic arch. Towbin et al. 544.

LEFT SINUS OF VALSALVA ANEURYSMS

Two-dimensional echocardiographic detection of a left sinus of valsalva aneurysm. Danchin et al. 479.

LENGTH OF DIAPHYSES

Ultrasonic mensuration of fetal limb bones in the second and third trimesters. Merz et al. 175.

LEUKEMIA

Unusual presentation of opportunistic infections in patients with leukemia: Identification of fungal lesions by ultrasound. King et al. 486.

LIGAMENTUM TERES

Is it possible to recognize portal hypertension with continuous-wave Doppler ultrasonography? Lombardi et al. 121.

LIMB BONE MEASUREMENT

Ultrasonic mensuration of fetal limb bones in the second and third trimesters. Merz et al. 175.

LIVER

Clinical experience with intraoperative Doppler color flow imaging in hepatectomy. Sukigara et al. 9.

Ultrasonic anatomy of hepatic veins. Cosgrove et al. 231.

LIVER CIRRHOSIS

Gallbladder wall thickening: A frequent finding in various nonbiliary disorders—A prospective ultrasonographic study. Wegener et al. 307.

LIVER, DUPLEX DOPPLER

Duplex Doppler examination of the liver and portal venous system. Koslin and Berland. 675.

LUNG MATURITY

Fetal lung to liver reflectivity ratio and lung maturity. Feingold et al. 384.

LUNG TO LIVER RATIO

Fetal lung to liver reflectivity ratio and lung maturity. Feingold et al. 384.

LYMPHANGIOMA IN CHILDREN

Cystic lymphangioma of the jejunal mesentery in an adult. Sadola. 542.

LYMPHOMA

Primary adrenal lymphoma: CT and sonographic appearances. Vicks et al. 135.

MACROSOMIA

Influence of fetal growth patterns on sonographic estimation of fetal weight. Simon et al. 376.

MALFORMATIONS OF THE URINARY TRACT

First-trimester diagnosis of low obstructive uropathy: An indicator of initial renal function in the fetus. Bulić et al. 537.

MALIGNANT FIBROUS HISTIOCYTOMA (MFH)

Retroperitoneal malignant fibrous histiocytoma: An unusual echographic presentation. Schut and van Imhoff. 145.

MATHEMATICAL MODEL

Mathematical modeling of fetal growth. III. Evaluation of head growth using the head profile area. Rossavik et al. 23.

Mathematical modeling of fetal growth. IV. Evaluation of trunk growth using the abdominal profile area. Rossavik et al. 31.

MATHEMATICAL MODELS

Fitting growth curves to head and abdomen measurements of the fetus: A multicentric study. Todros et al. 95.

MECHANICAL SECTOR SCAN

Ultrasonic evaluation of pediatric superficial masses. Yamaguchi et al. 107.

METASTATIC LIVER CANCER

Ultrasonographic differentiation of hepatocellular carcinoma from metastatic liver cancer. Yoshida et al. 431.

MILK OF CALCIUM (MOC)

Right upper quadrant renal milk of calcium mimicking limy bile. Dyer et al. 140.

M-MODE AND CROSS-SECTIONAL ECHOCARDIOGRAPHY

Combined contrast echocardiographic and hemodynamic evaluation of atrial septal defect associated with persistent left superior vena cava and partial anomalous pulmonary venous connection. Ferrara et al. 64.

MONOAMNIOTIC TWINS

Sonographic detection of monoamniotic twins. Blane et al. 394.

MULTIPLE TESTICLES

Sonographic findings in polyorchidism. Goldberg et al. 412.

MYELOMATOUS INFILTRATION OF THE TESTICLE

Myeloma of the testicle: Sonographic appearance. Gale et al. 280.

NEONATAL HYPOXIC-ISCHEMIC ENCEPHALOPATHY

Sonographic changes in a parasagittal cerebral lesion in an asphyxiated newborn. Huang et al. 68.

NEOPLASTIC CHANGES

Ultrasonography of acute obstructive suppurative cholangitis: Serial observation by ultrasound. Ishida et al. 51.

NEURAL TUBE DEFECTS

Prenatal ultrasonic diagnosis of a rare case of iniencephaly apertus. Meizner and Bar-Ziv. 200.

NODULAR AREAS OF FIBROSIS

Splenic involvement in Gaucher's Disease: Sonographic findings. Stevens et al. 397.

NONINVASIVE TECHNIQUES

Noninvasive diagnosis of pseudoaneurysm of the ascending aorta. Hoadley and Hartshorne. 325.

NONINVASIVE TESTING

Carotid artery duplex scanning. Taylor and Strandness. 635.

Peripheral arterial duplex scanning. Moneta and Strandness. 645.

NONSPECIFIC ABDOMINAL COMPLAINTS

Ultrasonic demonstration of a pedunculated colonic polyp. Skaane. 204.

NORMAL ANATOMY

Ultrasonic anatomy of hepatic veins. Cosgrove et al. 231.

OBSTETRICAL ULTRASOUND

Influence of fetal growth patterns on sonographic estimation of fetal weight. Simon et al. 376.

OCCULT UMBILICAL CORD PROLAPSE

Duplex ultrasound diagnosis of umbilical cord prolapse. Johnson et al. 282.

OLIGOHYDRAMNIOS

Duplex ultrasound diagnosis of umbilical cord prolapse. Johnson et al. 282.

OMPHALOCELE

Prenatal rupture of omphalocele. Hansen et al. 191.

OMPHALOCELES

Omphalocele and ectopic spleen. Williams et al. 409.

OOCYTE RETRIEVAL

Use of a vaginal transducer for oocyte retrieval in an IVF/ET program. Wikland et al. 245.

OPERATIVE

Clinical experience with intraoperative Doppler color flow imaging in hepatectomy. Sukigara et al. 9.

PANCREATIC CARCINOMA

Comparison of angiography and ultrasound in the evaluation of the portal venous system in pancreatic carcinoma. Garra et al. 83.

PANCREATIC ECHOGENICITY

Effect of steroid ingestion on pancreatic echogenicity. Gupta et al. 171.

PARAMETRIAL INVASION

Use of transrectal radial scan ultrasonography in evaluating the extent of uterine cervical cancer. Yuhara et al. 507.

PARAMETRIUM

Use of transrectal radial scan ultrasonography in evaluating the extent of uterine cervical cancer. Yuhara et al. 507.

PARASAGITTAL CEREBRAL INJURY

Sonographic changes in a parasagittal cerebral lesion in an asphyxiated newborn. Huang et al. 68.

PARATHYROID ADENOMA

Simulation of the normal esophagus by a parathyroid adenoma. Ngo and Sarti. 421.

PARIETOOCCIPITAL REGION

Sonographic changes in a parasagittal cerebral lesion in an asphyxiated newborn. Huang et al. 68.

PARTIAL ANOMALOUS PULMONARY VENOUS CONNECTION (PAPVC)

Combined contrast echocardiographic and hemodynamic evaluation of atrial septal defect associated with persistent left superior vena cava and partial anomalous pulmonary venous connection. Ferrara et al. 64.

PEDIATRIC SUPERFICIAL MASS

Ultrasonic evaluation of pediatric superficial masses. Yamaguchi et al. 107.

PEDUNCULATED COLONIC POLYP

Ultrasonic demonstration of a pedunculated colonic polyp. Skaane. 204.

PERCUTANEOUS TRANSHEPATIC BILIARY DRAINAGE

Hepatic scar along a transhepatic biliary drainage tract simulating metastatic disease. Bret et al. 56.

PERIPHERAL VESSELS

Doppler color flow imaging. Merritt. 591.

PERISTALSIS IN THE ESOPHAGUS

Simulation of the normal esophagus by a parathyroid adenoma. Ngo and Sarti. 421.

PERITONITIS

Ultrasound demonstration of amebic splenic abscess. Gupta et al. 555.

PERSISTENT LEFT SUPERIOR VENA CAVA (PLSVC)

Combined contrast echocardiographic and hemodynamic evaluation of atrial septal defect associated with persistent left superior vena cava and partial anomalous pulmonary venous connection. Ferrara et al. 64.

PLANIMETRY

Fetal head and abdominal circumferences: Ellipse calculations versus planimetry. Shields et al. 237.

POLYORCHIDISM

Sonographic findings in polyorchidism. Goldberg et al. 412.

PORTAL HYPERTENSION

Is it possible to recognize portal hypertension with continuous-wave Doppler ultrasonography? Lombardi et al. 121.

Tendinous intersection as an unusual site for portasystemic anastomosis: An ultrasonographic observation. Yiengpruksawan et al. 265.

PORTAL VEIN

Comparison of angiography and ultrasound in the evaluation of the portal venous system in pancreatic carcinoma. Garra et al. 83.

PORTAL VENOUS SYSTEM

Duplex Doppler examination of the liver and portal venous system. Koslin and Berland. 675.

PREGNANCY, COMPLICATION

Failed first trimester pregnancy termination: Uterine anomaly as etiologic factor. Pennes et al. 165.

PREGNANCY, ULTRASOUND

Failed first trimester pregnancy termination: Uterine anomaly as etiologic factor. Pennes et al. 165.

PRENATAL DIAGNOSIS OF UMBILICAL CORD DEFECTS

Ultrasonographic diagnosis of ectasia of the umbilical vein. Vesce et al. 346.

PRIMARY CARCINOMA OF THE FALLOPIAN TUBE

Ultrasound presentation of primary carcinoma of the fallopian tube. Meyer et al. 132.

PROFILE SHAPE

Fetal head and abdominal circumferences: Effect of profile shape on the accuracy of ellipse equations. Shields et al. 241.

PSEUDOANEURYSM OF THE AORTA

Noninvasive diagnosis of pseudoaneurysm of the ascending aorta. Hoadley and Hartshorne. 325.

PULSED DOPPLER MODALITY OF DUPLEX ULTRASOUND

Duplex ultrasound diagnosis of umbilical cord prolapse. Johnson et al. 282.

PYELONEPHRITIS

Sonographic demonstration of thickened renal pelvic mucosa/submucosa in mixed candida infection. Bick and Bryan. 333.

PYONEPHROSIS AS DEBRIS

Sonographic demonstration of thickened renal pelvic mucosa/submucosa in mixed candida infection. Bick and Bryan. 333.

RADIOFREQUENCY

In vivo radiofrequency ultrasound analysis of normal human heart structures. Lattanzi et al. 371.

RANGE AMBIGUITY

Diastolic flow characteristics of severely impaired left ventricles: A pulsed Doppler ultrasound study. Delemarre et al. 115.

RENAL ARTERY STENOSIS

Noninvasive Doppler assessment of renal artery stenosis and hemodynamics. Greene et al. 653.

RENAL HEMODYNAMICS

Noninvasive Doppler assessment of renal artery stenosis and hemodynamics. Greene et al. 653.

RENAL TRANSPLANTS

Doppler evaluation of the renal transplant. Needleman and Kurtz. 661.

RESERVOIR OF AN INFLATABLE PENILE PROSTHESIS

Sonographic appearance of the reservoir of an inflatable penile prosthesis. Epstein et al. 353.

RETAINED SURGICAL SPONGE

Sonographic diagnosis of a retained surgical sponge in the breast. Fornage. 285.

RHABDOMYOMA

Intracardiac tumor (rhabdomyoma) diagnosed by in utero ultrasound: A case report. Stanford et al. 337.

RIGHT AORTIC ARCH

Anomalous course of the brachiocephalic vein diagnosed by two-dimensional echocardiography in a child with left atrial isomerism and right aortic arch. Towbin et al. 544.

RIGHT SUPERIOR VENA CAVA (RSVC)

Combined contrast echocardiographic and hemodynamic evaluation of atrial septal defect associated with persistent left superior vena cava and partial anomalous pulmonary venous connection. Ferrara et al. 64.

ROSSAVIK MODEL

Longitudinal studies of femur growth in normal fetuses. Deter et al. 299.

ROTATOR CUFF TEARS

The hyperextended internal rotation view in rotator cuff ultrasonography. Crass et al. 416.

SAPPEY'S ACCESSORY PORTAL SYSTEM

Is it possible to recognize portal hypertension with continuous-wave Doppler ultrasonography? Lombardi et al. 121.

SCROTAL CUP

Scrotal cup for testicular ultrasound. Cazenave and Williams. 357.

SCROTAL HERNIA

Ultrasonography of the acute scrotum. Martin and Conte. 37.

SCROTAL MASSES

Myeloma of the testicle: Sonographic appearance. Gale et al. 280.

SCROTAL SLING

Scrotal cup for testicular ultrasound. Cazenave and Williams. 357.

SCROTUM

Myeloma of the testicle: Sonographic appearance. Gale et al. 280.

Sonographic detection of testicular plasmacytoma. Benson et al. 490.

SECOND TRIMESTER OF PREGNANCY

In-utero diagnosis of the caudal regression syndrome: Report of three cases. Loewy et al. 469.

SENNA EXTRACT

Evaluation of the usefulness of dimethicone and/or senna extract in improving the visualization of abdominal organs. Heldwein et al. 455.

SHOULDER SHRUG POSITION

The hyperextended internal rotation view in rotator cuff ultrasonography. Crass et al. 416.

SHUNTING

Tendinous intersection as an unusual site for portasystemic anastomosis: An ultrasonographic observation. Yiengpruksawan et al. 265.

SOFT TISSUES

High-resolution ultrasonography of wrist ganglia. De Flaviis et al. 17.

SOLITARY SOLID FOCAL LESION

Hepatic scar along a transhepatic biliary drainage tract simulating metastatic disease. Bret et al. 56.

SONOGRAPHIC APPEARANCE OF A CYSTIC COLLECTION IN THE PELVIS

Sonographic appearance of the reservoir of an inflatable penile prosthesis. Epstein et al. 353.

SONOGRAPHIC DETECTION OF PLASMACYTOMA

Sonographic detection of testicular plasmacytoma. Benson et al. 490.

SONOGRAPHIC DETECTION OF PLEURAL METASTASES

Metastases to the pleura: Sonographic detection. Steinberg and Erwin. 276.

SONOGRAPHY

Sonographic detection of interstitial pregnancy. Jafri et al. 253.

SPECTRAL ANALYSIS

The physical principles of Doppler and spectral analysis. Burns. 567.

SPINA BIFIDA

Fetal head shape in spina bifida in the second trimester. Furness et al. 451.

SPLEEN

Differentiation of mononucleosis from hepatitis by sonographic measurement of spleen size. Ishibashi et al. 313.

SPLEEN INDEX

Differentiation of mononucleosis from hepatitis by sonographic measurement of spleen size. Ishibashi et al. 313.

SPLEEN SIZE

Differentiation of mononucleosis from hepatitis by sonographic measurement of spleen size. Ishibashi et al. 313.

SPLENIC ABSCESS

Ultrasound demonstration of amebic splenic abscess. Gupta et al. 555.

SPLENIC INFARCT

Unusual presentation of opportunistic infections in patients with leukemia: Identification of fungal lesions by ultrasound. King et al. 486.

STEROID INGESTION

Effect of steroid ingestion on pancreatic echogenicity. Gupta et al. 171.

STILLBIRTH

Ultrasonographic diagnosis of ectasia of the umbilical vein. Vesce et al. 346.

STROKE

Carotid artery duplex scanning. Taylor and Strandness. 635.

SURGICAL INTERVENTION

Unusual presentation of opportunistic infections in patients with leukemia: Identification of fungal lesions by ultrasound. King et al. 486.

SYMPTOMATIC OR ASYMPTOMATIC ADNEXAL MASS

Ultrasonic presentation of giant hydrosalpinges in asymptomatic patients. Reuter et al. 45.

SYSTEMIC VENOUS ABNORMALITIES

Anomalous course of the brachiocephalic vein diagnosed by two-dimensional echocardiography in a child with left atrial isomerism and right aortic arch. Towbin et al. 544.

TELANGIECTASIA

Osler's disease diagnosed by ultrasound. Goes et al. 129.

TESTICULAR TORSION

Ultrasonography of the acute scrotum. Martin and Conte. 37.

TESTIS

Ultrasonography of the acute scrotum. Martin and Conte. 37.

TESTIS TRAUMA

Ultrasonography of the acute scrotum. Martin and Conte. 37.

TESTIS TUMOR

Ultrasonography of the acute scrotum. Martin and Conte. 37.

THORACOPAGUS CONJOINED TWINS

Prenatal ultrasound diagnosis of thoracopagus conjoined twins. Kalchbrenner et al. 59.

TISSUE

In vivo radiofrequency ultrasound analysis of normal human heart structures. Lattanzi et al. 371.

TORSION OF AN UNDESCENDED TESTIS

Torsion of a teratoma in an undescended intra-abdominal testis: Ultrasonographic findings. Nelson and Calley. 401.

TRANSLUMINAL ANGIOPLASTY

Peripheral arterial duplex scanning. Moneta and Strandness. 645.

TRANSPLANTATION

Doppler evaluation of the renal transplant. Needleman and Kurtz. 661.

TRANSRECTAL PROBE

Ultrasonic evaluation of pediatric superficial masses. Yamaguchi et al. 107.

TRANSRECTAL RADIAL SCAN ULTRASONOGRAPHY

Use of transrectal radial scan ultrasonography in evaluating the extent of uterine cervical cancer. Yuhara et al. 507.

TRICUSPID ATRESIA

Fetal echocardiography: The prenatal diagnosis of tricuspid atresia (Type Ic) during the second trimester of pregnancy. De Vore et al. 317.

TUBAL OCCLUSION

Ultrasonic presentation of giant hydrosalpinges in asymptomatic patients. Reuter et al. 45.

TUBEROUS SCLEROSIS

Intracardiac tumor (rhabdomyoma) diagnosed by in utero ultrasound: A case report. Stanford et al. 337.

TUMOR BLEEDING

Detection of active bleeding from a transitional cell carcinoma of the bladder by ultrasonography. Bisset and Khan. 269.

TWO-DIMENSIONAL (2-D) ECHOCARDIOGRAPHY

Anomalous course of the brachiocephalic vein diagnosed by two-dimensional echocardiography in a child with left atrial isomerism and right aortic arch. Towbin et al. 544.

TWO-DIMENSIONAL ECHOCARDIOGRAPHY

Hypoplastic left heart with absence of the aortic valve: Prenatal diagnosis using two-dimensional and pulsed doppler echocardiography. Cartier et al. 463.

TYPE I NONNEUROPATHIC GAUCHER'S DISEASE

Ultrasonographic aspects of Gaucher's disease: Report of a patient during three pregnancies. Schoenfeld et al. 207.

ULCERATIVE COLITIS

Ultrasound findings in Crohn's disease and ulcerative colitis: A prospective study. Worlicek et al. 153.

ULTRASONIC

Ultrasonic assessment of endometrial cancer invasion. Lehtovirta et al. 519.

ULTRASONICS

Fetal head shape in spina bifida in the second trimester. Furness et al. 451.

ULTRASONOGRAPHY

High-resolution ultrasonography of wrist ganglia. De Flaviis et al. 17.

Improved sonographic visualization of choledocholithiasis. Dong and Chen. 185.

Ultrasonic evaluation of pediatric superficial masses. Yamaguchi et al. 107.

Ultrasonographic differentiation of hepatocellular carcinoma from metastatic liver cancer. Yoshida et al. 431.

ULTRASONOGRAPHY OF THE ROTATOR CUFF

The hyperextended internal rotation view in rotator cuff ultrasonography. Crass et al. 416.

ULTRASOUND

Clinical utility of Doppler ultrasound in cardiac diseases. Nouri and Labovitz. 599.

Comparison of angiography and ultrasound in the evaluation of the portal venous system in pancreatic carcinoma. Garra et al. 83.

Doppler ultrasound in the fetus: A review of current applications. De Vore et al. 687.

Fetal echocardiography: The prenatal diagnosis of tricuspid atresia (Type Ic) during the second trimester of pregnancy. De Vore et al. 317.

Fetal head and abdominal circumferences: Effect of profile shape on the accuracy of ellipse equations. Shields et al. 241.

Fetal head and abdominal circumferences: Ellipse calculations versus planimetry. Shields et al. 237.

Fitting growth curves to head and abdomen measurements of the fetus: A multicentric study. Todros et al. 95.

Sonographic detection of monoamniotic twins. Blane et al. 394.

Sonographic investigation of the uterus during artificial uterine cavity distention. van Roessel et al. 439.

Ultrasonic mensuration of fetal limb bones in the second and third trimesters. Merz et al. 175.

Ultrasonically controlled retrieval of an intrauterine contraceptive device (IUCD) in early pregnancy. Shalev et al. 525.

Ultrasound confirmation of endotracheal tube placement. Raphael and Conard. 459.

Ultrasound findings in Crohn's disease and ulcerative colitis: A prospective study. Worlicek et al. 153.

Use of a vaginal transducer for oocyte retrieval in an IVF/ET program. Wikland et al. 245.

UMBILICAL CORD

Prenatal rupture of omphalocele. Hansen et al. 191.

UMBILICAL CORD PROLAPSE

Duplex ultrasound diagnosis of umbilical cord prolapse. Johnson et al. 282.

URINARY TRACT INFECTION

Sonographic demonstration of thickened renal pelvic mucosa/submucosa in mixed candida infection. Bick and Bryan. 333.

UTERINE CERVICAL CANCER

Use of transrectal radial scan ultrasonography in evaluating the extent of uterine cervical cancer. Yuhara et al. 507.

UTERINE NEOPLASMS

Ultrasonic assessment of endometrial cancer invasion. Lehtovirta et al. 519.

UTERUS

Sonographic investigation of the uterus during artificial uterine cavity distention. van Roessel et al. 439.

Ultrasonic assessment of endometrial cancer invasion. Lehtovirta et al. 519.

UTERUS, ANOMALY

Failed first trimester pregnancy termination: Uterine anomaly as etiologic factor. Pennes et al. 165.

UTERUS, ULTRASOUND

Failed first trimester pregnancy termination: Uterine anomaly as etiologic factor. Pennes et al. 165.

VAGINAL BLEEDING

Duplex ultrasound diagnosis of umbilical cord prolapse. Johnson et al. 282.

VAGINAL SCANNING

Use of a vaginal transducer for oocyte retrieval in an IVF/ET program. Wikland et al. 245.

VALSALVA ANEURYSM

Two-dimensional echocardiographic detection of a left sinus of valsalva aneurysm. Danchin et al. 479.

VEIN, SPLENIC

Comparison of angiography and ultrasound in the evaluation of the portal venous system in pancreatic carcinoma. Garra et al. 83.

VEINS, MESENTERIC

Comparison of angiography and ultrasound in the evaluation of the portal venous system in pancreatic carcinoma. Garra et al. 83.

VENOUS LAKE IN THE RECTUS SHEATH

Tendinous intersection as an unusual site for portasystemic anastomosis: An ultrasonographic observation. Yiengpruksawan et al. 265.

VENTRICULAR DISPROPORTION

Fetal echocardiography: The prenatal diagnosis of tricuspid atresia (Type Ic) during the second trimester of pregnancy. De Vore et al. 317.

VIRAL HEPATITIS

Gallbladder wall thickening: A frequent finding in various nonbiliary disorders—A prospective ultrasonographic study. Wegener et al. 307.

VISIBILITY

Evaluation of the usefulness of dimethicone and/or senna extract in improving the visualization of abdominal organs. Heldwein et al. 455.

XANTHOGRANULOMATOUS CHOLECYSTITIS

Ultrasound demonstration of xanthogranulomatous cholecystitis. Lichtman and Varma. 342.
